

Book Club Procedures

We are offering the following book club support as an OPTION for you and your students. We have no idea about Internet access so hesitate to make this mandatory. Here is what we can offer as support for your students:

1. We will post a thought provoking question each Sunday for EACH book.
2. Students will have until Wednesday to respond (at least once) to the initial question posed by book club leader.
3. Students will be encouraged to add additional responses to other student or the book club leader by Saturday.
4. Teachers should be reading posts to evoke further discussions throughout the week. These can be used to spark discussions during book club meetings in your classroom (about twice a week).
5. Postings can be completed during book club time at school or at home.
6. Teachers will be sent a print out of discussion board on Sunday evening to further discuss with students on Monday (if you so choose).
